Hi Kathy,
Still trapped in 401 mtg (story of my life), but see attached for edited ppt.

1. On slide 23 in the line for NJ, we changed the wording because it was confusing - I have to edited language below, but let me know if you want me to change it otherwise:

EPA may require review of additional categories or all permits

In NJ, EPA reviews permits for filling >5 acres of freshwater wetlands

In MI, EPA reviews permits for discharges into critical areas

2. Changed the color on slide 25 because it was hard to read
